Subject: Letter Request -Certificate of Establishment Registration
Attachments: COO document.pdf; Gold Seal IPA Salt.pdf

Hi Emily,

We are working with our colleagues in Taiwan for glyphosate IPA Salt technical solution re-registration. They requested a Gold Seal Letter to provide proof that the product is registered in the US which we have obtained from you as in attached. In addition, attached is another file "COO document" which is an example from last submission in Taiwan and the first page is Certificate of Establishment Registration of our, Bayer manufacturing plant in Luling, Louisiana. I am emailing you now to inquire whether you would kindly be able to provide us with such a letter "Certificate of Establishment Registration" or point me in a right direction to any of your colleagues at the agency that would be able to assist. From our colleagues in Taiwan, I understand that the newly issued letter is required for this submission.

Thank you in advance for your consideration.

Best regards,

Milica
